Snowshoe Making Classes

@ Warming Shelter

Ludington State Park is once again offering snowshoe making classes this fall and winter seasons.

Several classes have been scheduled:

Monday and Tuesday, October 27 & 28, 6:00 pm to 9:30 pm both nights

Saturday, November 15, 10 am to 5 pm

Sunday, November 16, 10 am to 5 pm

Monday and Tuesday, December 1 & 2, 6:00 pm to 9:30 pm both nights

Saturday, December 13, 10 am to 5 pm

Sunday, December 21, 10 am to 5 pm

We will be making the top of the line traditional wooden snowshoes that will last through several generations. Instructors will lead you through the steps. No special tools are required.

When you complete the class, you will have a pair of snowshoes for the upcoming winter to help you through the predicted deep snowfalls. An added bonus will be snowshoes for decorating those walls or corners in your home during warmer months of the year. Snowshoes also make a perfect and unique gift for someone special. We make the classes fun for everyone!

A class fee of \$160.00 covers the cost of the snowshoe kit. Class sizes are limited and reservations are needed. To make a reservation, please call Ludington State Park at (231) 843-9261. Snowshoeing is very easy to learn for all ages and does not require any trails. It is a fun and healthy way to enjoy the winter!

A Michigan State Park Motor Vehicle Permit is required for all park visitors throughout the entire year.
